PAT LARSON

## GARAGE SALE TIME!!!!

**Hey everyone it is time for the annual Morningview Homes garage sale weekend!!**  
**April 27-30 (that is Wednesday thru Saturday) we will have our neighborhood wide garage sale!! Please contact Heidi Maggio at 742-7762 to have your address and what you have for sale put on the flyer that will be available that week.**

## AT THE LAST MEETING...

The February meeting was an exciting one. There were several things that were discussed in addition to the upcoming Garage sale.

Several residents have brought to our attention the intersection of 95<sup>th</sup> and Grandview. There is a desire by some to create a petition to the city for improved no parking signage for the intersection and possibly extending a no parking zone the length of the street (as it is south of 97<sup>th</sup> on Grandview). The president has been in contact with the city and has requested that a traffic study be done. He also plans on requesting a 4 way stop being put at 97<sup>th</sup> and Grandview. There is sure to be more discussion at the April meeting.

The county is planning on changing solid waste disposal regulations and Overland Park is working on altering theirs as well. We have discussed and will continue to discuss what this will mean for us and how it can affect how we dispose of our refuse.

Our website designer is working on revamping our site and has launched a beta test page. Come to the meeting and let us know what you would like to see there.

## Spring Reminders

Would you like to hear different speakers from the community at the next meeting? Come in April and hear SMSD Board Member (and current SMSD Board President) Deb Zila answer questions about the schools

Looking for something fun to do this weekend?

The Downtown Farmer's Market opens on April 9 it is located at 80<sup>th</sup> and Marty

The Deanna Rose Farmstead opened April 1 it is free Mon-Thurs and just \$2 on the weekends

The OP Arboretum is open year round and is a great place to walk run or get inspired for your own gardens!

Be aware of children playing in our neighborhood There are many families that have small children and no one wants them to be injured. Please obey speed limit laws for that same reason.

When washing your cars or doing home improvement projects like painting, please **do not rinse hazardous materials into the storm drainage** as it travels into Indian Creek and affects the health of our local wildlife.

Keep this in mind when treating your yard as well.

If you are planting a garden or doing landscaping in your yard take note of how and where the water will flow afterwards. Heavy rains or watering can affect your yard and maybe your neighbors.
